Receiving the Maritime Patrol Association Scholarship is a great privilege that I have been fortunate to receive, as this scholarship will give me both financial support and open new opportunities as I begin my education at Quinnipiac University. I am certain that the generous funds granted by the Wings Over America Foundation will make my college transition much smoother for both me and my family.

This scholarship will help me cover many of the costs of college expenses, such as textbooks, technology equipment, and even help with tuition. With two younger siblings following me, this scholarship will additionally grant my family and me some financial relief, as cost is a major factor in many students' lives. I am very thankful that this foundation believes in me and my future, and I can promise to strive towards success daily. I am determined to make the most out of this opportunity I have been given and am committed to continuing through this next chapter of my life with a positive attitude. These generous scholarships truly highlight one of the greatest aspects within the United States Military community - taking care of one another. I would like to thank the Maritime Patrol Association, Wings Over America Foundation, and all of those who contributed to these organizations to make these scholarships possible. Thank you for selecting me as a 2025 recipient, and I will be certain to make the absolute most out of this opportunity. Fly Navy!
