- Varsity Field Hockey, President & Club Hockey Team
- Bake for Change, Founder & Director of Marketing
- Cathedral of the Assumption Soup Kitchen

I am extremely grateful to The Wingman Foundation and its donors for providing me with a scholarship and supporting my higher education. This scholarship is representative of the wonderful and overwhelming support that military families receive, and the strength of our Naval community. Being a military daughter and meeting many people in military communities around the globe has been a very formative experience, and one I look upon with great fondness. I cannot express how thankful I am for the continued support of the Naval community through this scholarship. This scholarship makes attending my dream school, the University of Notre Dame, more achievable. I intend to major in Biology and minor in Mandarin Chinese, using this educational opportunity to become a pediatric oncologist. Being a part of our supportive military community has inspired within me a spirit of service and love of science, two things that greatly formed and continue to form my career journey. Thank you for believing in me.
