Academic & Extracurricular Highlights:

- Wofford Companions
- Wofford Ambassadors
- Wofford Activities Council
- Zeta Tau Alpha Sorority
- George Parks Pharmacy
- Leukemia Lymphoma Society, Volunteer
- St. Lukes Free Medical Center, Volunteer

I am honored to be a 2025 Wings Over America Scholarship recipient. As the granddaughter, stepdaughter, and niece of men who served this country in the armed forces I am very proud to represent an organization that gives back and invests in future leaders and scholars. As a college sophomore I am majoring in biology with a goal to become a Physician Assistant (PA). My passion is to provide medical services to underprivileged residents of my community and state and provide healthcare to individuals that may not have access to quality services. I have always wanted to make a difference in people's lives, and I feel this is my true calling. I know that to reach my goal there will be many challenges and hurdles, not to mention an unfathomable financial commitment on my journey. Through scholarships like WOASF I can concentrate more on my education and building relationships that will provide me with the solid foundation I need to not only reach my goal but thrive. This will also help relieve some of the financial stresses on my amazingly supportive parents. They have supported me through years of travel volleyball, extracurricular activities, and educational opportunities and I look forward to giving something back to them. I am very excited to venture into the next chapter of my life, and I can do it with a lot less worry thanks to WOASF.
