- Biology Club
- Overlee Community Association Swim Coach
- St. Anthony of Padua Elementary School Volunteer
- Bishop O'Connell Superdance, Co-Chair of Alumni Committee

I am very honored to receive a Wings Over America Scholarship and VAW/VRC Northrop Grumman scholarship. It is very meaningful to see that my dad's service combined with my hard work throughout high school has paid off and set me up for a successful future. I will be attending Duquesne University in the fall and entering the Physician Assistant Studies that sets me up to receive a masters in five years. I hope to use my degree to help serve others in my own way, imitating my dad's service to our country by helping the health of others. I am very thankful to everyone who has contributed to serving our country and the donors for their continued contributions to the lives of others. These scholarships will help ease the financial burden that comes with attending an out-of-state school and reduce the stress of paying for college. Thank you to everyone that has helped me get to this point and those helping me continue my education at Duquesne.
