- Business Professionals of America
- Varsity Track & Field Team
- Scouting BSA, Senior Patrol Leader
- National Honor Society
- Employed at CEC Entertainment

To me, receiving the WOASF Scholarship means that I have something powerful backing me as I dive into my future academic journey. I am extremely excited to delve into my interests and both express and learn about them while in college; this scholarship allows me to make the most of every minute I have and not worry about the cost of everything. While in the military, my father worked to build himself up while at the same time serving his country. While in college, I plan to similarly work to help everyone around me using all of the knowledge I will learn over the next four years. College, with its immense amount of pressure, can bring people to both their lowest points and their highest. While in college I strive to achieve the latter and with the backing of my family and now the WOASAF scholarship, I am sure I will be able to make that happen. I would also like to thank all of the donors who support WOSAF and now are supporting me and my future. Thank you very much.
