Academic & Extracurricular Highlights:

- Student Government Association, Historian
- Knoxville Symphony Youth Orchestra
- Freshmen and New Student Mentoring
- Marching Band, First Chair
- Student Representative on Farragut Education Relations Committee
- VolunTeen Program at UT Medical Center

I am so thankful to be receiving a Wings Over America Scholarship Foundation (WOASF) scholarship for this upcoming year. I am going to be attending the University of Tennessee, Knoxville (UTK). I will be studying neuroscience and business administration in the Chancellor's Honors program. My end goal is to become either an OB/GYN or a pediatrician. With this scholarship, I will be able to spend more time volunteering and participating in medical clubs instead of working. I also hope to take advantage of the research opportunities offered at UTK.

I am very passionate about outreach and aim to use the money to benefit my community through continuing my education. I have been drawn to the medical field for years and have a passion for helping others. The military has been a strong foundation in my life, and I admire the years my father spent as a naval aviator. I aim to embody his selfless service to the Navy and apply it to my work in healthcare. Having the support of the Wings Over America Scholarship Foundation allows me to make the most out of my college experience. I am incredibly grateful for this investment in my education and future. Thank you again, WOASF.
