- Cru/Athletes in Action Club
- Babson College Softball
- Chi Omega Community Service Director
- Babson Peer Mentor
- Babson Athletics Department Student Assistant
- Connect With a Wish Volunteer
- Princess Anne Country Club Summer Camp Counselor

Being awarded the Wings Over America scholarship holds significant meaning for me that words do not bring justice. Being part of a Navy family, I've been raised to understand the sacrifices and resilience associated with military life. This scholarship not only celebrates that legacy but enables me to pursue my education with increased determination. Funding for my college education has proven difficult, particularly while juggling academics, sports, employment, and leadership positions in service groups. This award eases that financial strain and enables me to keep investing in what is most important to me: contributing to my community, forging meaningful relationships, and developing into the leader I aspire to be. Being chosen by an organization that acknowledges the distinct experiences of military families makes this particularly significant. It makes me realize that the principles taught to me, discipline, flexibility, and persistence, are recognized and appreciated. I am deeply thankful for this support, and I assure you I will uphold the spirit of Wings Over America by leading with intention, serving with compassion, and respecting the community that nurtured me. I appreciate your faith in me.
