2025-2026: Freshman

Major: Environmental Science with Pre-Law Track

Academic & Extracurricular Highlights:

- Scouts of America
- Student Council Member
- Yearbook Editor
- Future Physicians Club Member
- City of Reno Lifeguard
- Sugar Pine Foundation Planting Leader

I'm incredibly honored and grateful to be a recipient of a scholarship from the Wings Over America Scholarship Foundation. This support means so much to me, not just financially, but as a reminder that my hard work and goals are worth believing in. Coming from a military family, I've seen the dedication and sacrifice that service requires, and I'm proud to carry those values with me into this next chapter.

This fall, I'll be starting at the University of Alabama to study environmental science, something I've been passionate about for a long time. I've always felt a strong connection to the environment, and I'm eager to learn more about how we can protect it for future generations. After earning my degree, I plan to attend law school to pursue a career in environmental law. My goal is to advocate for real change through policy and legal work that helps protect our planet and the people who depend on it.
