I am truly honored to be a recipient of the Wings Over America Scholarship. I will be attending Mississippi State University in the fall and majoring in biochemistry on the pre-med track. I plan to attend medical school to become an anesthesiologist. My passion is to help and serve people. Becoming an anesthesiologist helps achieve that goal by making sure my patients feel safe during a stressful time in their life. This scholarship will help me achieve my goals as I go into the next chapter of my life.

Being awarded the Wings Over America Scholarship means so much to me because it is only possible because of the dedication and hard work of people like my dad. Growing up watching my dad serve in the Navy, I recognize the selfless sacrifice and perseverance that is necessary to succeed in the military. I strive to incorporate these values into my life. Being awarded the Wings Over America Scholarship is a privilege that I am deeply grateful for. I am proud to be a Wings Over America Scholar!
