- Athletic Leadership Council, Secretary
- Mu Alpha Theta (Math Honor Society)
- Varsity Soccer, Captain
- Academic Team, Captain
- Senior Class Student Government Secretary
- Eagle Scout, BSA
- National Honor Society

Being awarded the Wings Over America Scholarship to cover tuition and fees will allow me to reach my goals and follow in my father's footsteps just a slightly different direction. With the financial burden of college being eased, I will be able to put my full attention into my future career. Instead of flying, I plan on becoming a Nurse Anesthetist. I have always loved helping others, so this career will allow me to continue that love through healing. After I earn my degree from the University of North Florida, I plan to commission into the Navy where I can serve in the medical corps and take care of the troops and their families. Seeing my dad in action and living as a military child has allowed me to grow a strong respect for our military troops furthering my desire to become an officer and serve the country that has done so much for me.
