I am so grateful to receive the 2026 scholarship from Wings Over America. This scholarship will allow me to continue to pursue my education in Hospitality, Tourism, and Event Management at Troy University. With this degree, I hope to build a career where I can create memorable experiences for others through unparalleled service and events. Additionally, I hope to continue learning through my travels by experiencing different cultures, traditions, and hospitality from around the world and integrating these experiences into my career. This degree will equip me to serve in hotel management, event planning, or tourism development, where I can impact both visiting guests and established communities. The support and encouragement I have received from the scholarship will help me continue to strive to meet my academic and future career goals and make these goals a reality. Thank you again for making me a 2027 Wings Over America scholarship recipient. It's great to know that there are organizations out there that care for and are dedicated to helping the next generation attempt to make their mark in the world.
