- University Honors Scholar
- SkillsUSA, Vice President
- Women in Business and STEM Club
- California Scholarship Federation Volunteer
- French Park Care Center – Certified Nursing Asst.
- Our Lady of Lourdes Volunteer

Receiving a 2025 Wings Over America Scholarship is such an honor and blessing that I could not thank God for enough. It has shown that my dedication to academics, extracurriculars, and trying new things has opened up an amazing opportunity to continue pursuing more. I would also like to thank my parents and other loved ones who have supported me throughout the years, allowing me to be as stress-free as possible. With this scholarship, I will be further motivated to achieve goals and aspirations, knowing I have the financial support to provide me with an education. There are only so many opportunities that can support those soldiers in the military, and especially their children. Furthermore, such scholarship is helping undergraduates, such as myself, to attend college without worrying of financial burden. So, it is one for a good cause, supporting military dependents across the U.S. I will be eternally grateful to those who chose me as a recipient of this scholarship, and it means everything to me to win such a prestigious scholarship
