I am honored and humbled to receive a Wings Over America Scholarship. I am so grateful that you see potential in me and my future career. This scholarship has opened the door and will remove a portion of the financial barrier of attending Creighton University for my studies in Accounting and Finance. It will enable me to not take out loans and focus on my studies instead of financial worries.

I have always worked very hard to pursue my personal and academic goals, and the recognition of that hard work by receiving this scholarship means so much to me. I want to express my sincere gratitude for selecting me as a scholarship recipient. Your belief in me and my potential has strengthened my resolve to take advantage of every single opportunity both at Creighton and in my career. I am committed to making the most of this opportunity and my academic journey and determined that the donors who have made it possible will be proud of the role they played in helping to make it come true. I look forward to one day being able to give back in a similar way to the next generation.
