- Student Council -Treasurer, President
- Varsity Softball Captain
- National Honor Society- Secretary
- Varsity Basketball Team Captain
- Good Samaritan Catholic Community Confraternity of Christian Doctrine (CCD) teacher aide
- Radford High School Transition Center Volunteer

Receiving the Wings Over America scholarship is incredibly meaningful to me because it represents more than financial support. It is a recognition of the sacrifices military families make and the values I have gained by being surrounded by the military community my whole life. This scholarship will motivate me to continue working hard as I pursue an Aerospace Engineering degree at Georgia Tech this Fall. This has been a goal of mine since visiting the Air and Space Museum in Washington, DC when I was in sixth grade. Thankfully, the military moved us there and my passion was launched. I'm certain my college journey will be a challenging one that will require drive and determination, but this scholarship does ease the stress of the financial aspect. I can concentrate on my goals with purpose and commitment. I am truly humbled and blessed to receive the Wings Over America Scholarship and support. My goal is to continue my next chapter by working hard, giving back to my community, and making a difference.
