- Employed at Regal Cinemas
- The Cookie Jar, co-founder, baker, social media manager, and graphic designer
- Legacy Lacrosse Coach
- Science National Honors Society

I am so grateful to be a recipient of the Wings Over America Scholarship. As the daughter of a Naval Aviator, I have been connected to the military for as long as I can remember. Growing up in this environment has given me a deep appreciation for service, sacrifice, and the importance of remaining dedicated to something larger than myself. Watching my father lead with discipline, integrity, and resilience has shaped the way I approach my own goals and challenges.

This scholarship will provide me with support as I pursue my education, allowing me to focus on my academic and personal growth without the added burden of financial stress. I will remain committed to working hard and giving back. I promise to continue to work hard to remain someone who reflects the honor and responsibility of receiving the Wings Over America Scholarship. Thank you for this incredible opportunity and vast support.
